NEGOTIATIONS UPDATE

Office-Technical Business Services Chapter 788

DATE: **March 20, 2010**

ITEMS DISCUSSED:

The OTBS Negotiations Team and the District met twice this week.

The OTBS Team stayed adamant over the fact that before concessions are made the bargaining unit must understand how many layoffs the OTBS unit will have.

The OTBS Negotiations Team gave the District several proposals on simple language changes that would protect our rights from using volunteers, waiving rights to grieve and negotiate certain items, and stronger language in allowing our employees to transfer.

Though this proposal was given to the District on WEDNESDAY, the team had to re-explain the proposal today and was hoping for a counter from the District.

The OTBS Team received no counter, and the District stopped Negotiations at 1:15 pm., though we were scheduled until 5:00 pm.

➤ Our next bargaining session is Friday, March 26, 2010
