NEGOTIATIONS UPDATE

Finally, the District and the OTBS unit are not done with the CBA. We still have several language changes that need to be changed that are not economical in nature, so the OTBS unit will be looking to hopefully ratify this agreement on or about June 30, 2010, and more information will follow with that.

Once again the NEG team wants to reiterate that this was NOT a time of celebration for this unit or any other classified bargaining unit that had to give up concessions at the table.

The NEG team would ask in Solidarity and in unity that those who have furlough days in the months other than December really take those days. The September 3 day was taken for a reason. Stand strong, OTBS unit, the NEG team is very proud of all the essential and hard work you do for the CHILDREN of SDUSD. These tough economic times will continue for a minimal of two more years and with hard work and dedication we can stand united.

In solidarity,
OTBS NEGOTIATIONS TEAM
